Today's programme has been thoughtfully designed to promote meaningful academic dialogue, critical reflection, and value-based learning. We are privileged to have eminent scholars and experts who will share their insights and enrich our understanding through their deliberations., hopefully leading to policy making by the government of India. Of late, there is a recent news that the central government is trying to introduce the Bhagavad Gita as a mandatory course in schools from 6<sup>th</sup> to 10<sup>th</sup>, and if so our project can be a value add to that. Over 85 members have registered for the event and we've children from the schools where we've been carrying out the project. I sincerely thank the managements of KCP Adarsh Siddhartha Residential School, Vijayawada, Govt. I sincerely thank the management, VC sir, PRO VC sir, Registrar sir, the resource persons, and my colleagues from the department of English for their constant support and cooperation.
