

S.No	Name of the Faculty	Title of the Paper	Name of the Journal	SCI/SCOPUS/Other	Year of Publication
1	Dr. G. Sridevi	Investigation of Electrocaloric effect and scaling behavior with correlation of structural, electrical, and impedance properties in Sn - substituted NBT - BT ceramics near MPB	Physica B: Condensed Matter	SCI	2025
2	Dr. KSKR Chandra Sekhar	Investigation of electrocaloric effect and scaling behavior with correlation of structural, electrical, and impedance properties in Sn-substituted NBTâ€“BT ceramics near MPB	Physica B: Condensed Matter	SCI	2025
3	Dr. P. Naresh	Physical Properties of the CaF2-P2O5: MoO3 Glass System	Issues of Chemistry & Chemical Technology	Scopus	2025
4	Dr. Sk. Fakruddin Babavali	Physicochemical analysis on molecular interactions in binary liquid mixtures at various temperatures and correlation with the Jouybanâ€“Acree model	PHYSICS AND CHEMISTRY OF LIQUIDS-TAYLOR & FRANCIS PUB	SCI	2025
